- ☑ Role in Course
- ☑ Name
- ☑ Email Address

Allow Membership Service Access
- ● Yes ○ No

Part 2. General Content Tool for any class without customizations.

Content Tool Adoption: Using Content Tool for placements anywhere in the course with default assistant prompt with the course name and optional school affiliation. This adoption allows instructors to add the AI assistant in a few clicks:

Create placement "AI Class Assistant."

3. After approving appd.dataii.com use chevron menu to select Manage Placements
4. Create a new placement
   a. Label: **AI Instructor Assistant**
   b. Description: Explore instructional resources and techniques for your course. Adopt the tools you find helpful.

c. Handle: **dataiiai1**
d. Type: **Course Content Tool** (Allow grading should be disabled)
e. Tool Provider URL: **https://apps.dataii.com/ai/instructor/**
f. Tool Provider Key & Secret – as provided
g. Icon: https://apps.dataii.com/ai/images/dataii_ai_4_50px.png

5. The tool will be available in Original courses under Build Content -> AI Instructor Assistant and under Books & Tools in Ultra. When instructors select it, they will put a placement link in their course, which will be available to their students.
